Flexible Solar Cells and Module Develo	nment & Manufacturing	TSEC 434 Old Neid	hhorhood Road
- I ickibic coldi ociis alla Modale Bevelo	pincin a mananacianny		jiiboiilood iloda,

## Amount Requested: \$6,000,000

Funding will be used to develop the next generation flexible solar cells and module/subsystems which will enable higher performance, lower cost solar systems for spacecraft.
